OFFICE OF LEGISLATIVE COUNSEL

Thursday - 12 November 1964

25X1

2. [redacted] Called Bryan Donnelly in the office of Representative Robert Griffin of Michigan and indicated that applicant [redacted] has been rejected on the basis that we have better qualified candidates for the job. Mr. Donnelly indicated he would like a copy of the reject letter to close out their file and indicated this would close out their interest in the case. Will send him a copy of the reject letter when received from the Office of Personnel about 14 November.

3. [redacted] and John S. Warner met with Congressman Ogden Reid for about two hours and gave him a general world situation briefing. Mr. Reid is a very knowledgeable individual and asked a number of specific questions. He expressed his deep appreciation at our having taken the time to bring him up to date. MORI/CDF

4. [redacted] called in connection with Senator Fulbright's plans to visit Germany and to speak there on 19 November. [redacted] indicated that it was quite possible that RFE and Radio Liberty plan to extend an invitation to the Senator to visit their installations. [redacted] was interested in knowing whether we saw any problems in connection with this. He also indicated that Congressmen Byron Rogers, Peter Rodino and Arch Moore would be visiting Eastern Europe and the Soviet Union. It is anticipated they will be in Munich on or about 16 November in connection with meetings of the International Committee for European Migration. They will be accompanied by Jim Cline of the House Immigration Subcommittee staff. [redacted] also indicated the possibility that RFE and Radio Liberty would extend invitations to these Congressmen. Advised [redacted] we would give this some thought and be in touch with him.
